

**ILLINOIS DEPARTMENT OF TRANSPORTATION - DISTRICT ONE
PROGRAM MANAGEMENT FOR VARIOUS TRAFFIC STUDIES,
NORTHEASTERN ILLINOIS**

Serve as the Program Management Consultant overseeing all traffic studies in the 6 county area of IDOT District One. The work performed includes:

- Managing and reviewing various traffic studies which are assigned and prepared under contract with other consultant engineering firms, including contract administration;
- Reviewing and selecting candidate locations for possible inclusion in the Highway Safety Improvement Program (HSIP), including preparation of the annual submittal to the District and Statewide Safety Committees;
- Reviewing and selecting candidate locations for possible inclusion in the Congestion Mitigation and Air Quality (CMAQ) Improvement Programs, including preparation of the annual submittal to the Chicago Metropolitan Agency for Planning (CMAP);
- Managing and tracking project-level costs, schedules and budget requirements, and coordination with District personnel;
- Facilitating regular progress meetings and briefings for IDOT including FHWA where details of project and progress are presented;
- Performing reviews and analysis as required to respond to public letters and web-mails concerning traffic issues (typically involving requests for crash studies, warrant analysis, signal timing reviews, speed studies, capacity analysis, guardrail analysis);
- Performing Traffic Counts including analysis of peak hour and 24 hour traffic.
